*Extremely helpful to all type of individuals. It really is basic but excitement inside the 50 % of the pdf. Its been designed in an remarkably basic way and is particularly only right after i finished reading through this book in which basically transformed me, change the way i believe.*

A grey mouse called Jianjian was playing in the hills when he saw a rainbow bridge. He wished to go there but he could not fly. A strong gust of wind brought an injured white crane into the meadow, whom Jianjian helped to recover. To return his kindness, White Crane took him to the rainbow bridge. Jianjian discovered that there were many different kinds of fruits and vegetables inside the rainbow bridge and he loved eating them very much. He felt very excited! Unfortunately, soon after they had come back to the meadow, White Crane had to leave Jianjian. Jianjian felt very sad but wished that White Crane would come back again some day to see him. This book is written in simplified Chinese, with Mandarin Pinyin on top of the Chinese and its English translation below. There are also some revision activities, vocabulary tables (with English) and a table of Chinese Pinyin Basic Sounds and Four Tones to help children learn Mandarin Chinese.
