Were it not unbecoming, I think I could show how this controversial spirit, this polemical temper of our time, has affected, for good or ill, the writings and reputation of some of my contemporaries who are eminent by their compositions in verse. But since I am precluded from adopting that course, I shall, perhaps, be pardoned if I fall back upon the only alternative method of illustration open to me, and indicate, with as much brevity and reserve as the case will permit, how the prevailing anxiety to establish some definite conclusion, theological or ethical, and the tacit assumption that everybody is burning with the same desire, has caused even the most competent critics.
