OCLC Number: (OCoLC)44066893 Subject: Competency-based education -- United States -- Statistics. Excerpt: . . . Two-year institutions were somewhat more likely than less-than-2-year institutions to report at least some industry input in skill competency development for at least one program offered ( 88 versus 78 percent, table 11 ). However, this difference did not hold when equal industry input was considered ( table 13 ). Credentialing: Skill Certificates and Industry-Related Credentials The secondary school survey asked whether occupational programs for each occupation prepared students to earn skill certificates. Because credentialing procedures are different at the postsecondary level, postsecondary institutions were asked whether occupational programs prepared students to earn various credentials, including institutional-based credentials ( e. g. , associates degrees ) and industry-related credentials ( e. g. , company certificates, industry trade certificates or diplomas and state registrations, licenses or certificates ). Because of the focus of this report, only industry-related 11 credentials are examined here. Of...
