Wipf Stock Publishers, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.What really matters in education? Amid headlines about standardized test scores, global rankings of students from different countries, technology-enhanced learning, the unreasonable costs of higher education, and preparing the workforce of tomorrow, what really matters? Bernard Bull--long a favorite thinker for those who care about transformational learning--offers ten themes that go far beyond the tired arguments that divide many educators.
