Brand New Book ***** Print on Demand *****.Excerpt from The Annals of Jamaica, Vol. 1 Of all the various descriptions of literature History has ever been esteemed the most instructive the most liberal, and the most amusing; and that the history of our own country deserves our first and best attention, is a proposition which can require neither argument nor illustration. Although these Western Isles may seem to afford but little scope for historical research, and their domestic institutions are unhappily founded upon a system repugnant to the spirit of the times we live in; yet even that system has become interesting, since it was fostered and encouraged as a source of national wealth and naval power. Human foresight, it is true, could not anticipate the experience of two hundred years. It was enough for mortal statesmen to consult the wishes, and promote the happiness of their own age; while the system, objectionable as it may now appear, still rests upon the surest of all foundations - the security of public faith.
