

Pamphlets on Biology; Kofoid Collection (2101)

By Geological Survey, Anonymous

Rarebooksclub.com, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: German,English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1969 Excerpt: .thin at this locality, and the section, being very close to the Bituima fault, is structurally disturbed. The section is not typical of La Luna Formation and may be entirely in the Villeta Group. The phosphatic limestone beds at La Sierra and Alto del Trigo are not present in the road between Viani and Bituima. North of Alto del Trigo, the ridge crest was crossed on the road from La Palma to Caparrapi. D. H. McLaughlin, Jr. (written commun., 1965), first suggested that the section along the road from La Palma to Caparrapi be examined for phosphate. The section at Caparrapi (loc. 30, 31, fig. 8) is structurally complex; a partial section, examined by the writers and by D. H. McLaughlin, Jr., and Marino Arce, is as follows: Section of La Funa Formation(f) (Upper Cretaceous) at Capparrapi I Loc. M, fig. 8; see also loc....

Reviews

Absolutely among the finest book We have at any time read through. We have read through and that i am sure that i will going to read once more again later on. I found out this book from my i and dad suggested this book to find out.

-- **Alford McClure**

I actually started reading this article ebook. It is actually packed with knowledge and wisdom Its been printed in an remarkably simple way and it is only after i finished reading this pdf where in fact modified me, alter the way i believe.
