By Rob Garrett

Apress. Paperback. Condition: New. This item is printed on demand. 672 pages. Pro SharePoint 2013 Administration is a practical guide to SharePoint 2013 for intermediate to advanced SharePoint administrators and power users, covering the out-of-the-box feature set and capabilities of Microsofts collaboration and business productivity platform. SharePoint 2013 is an incredibly complex product, with many moving parts, new features, best practices, and gotchas. Author Rob Garrett distills SharePoints portfolio of features, capabilities, and utilities into an in-depth professional guidewith no fluff and copious advicethat is designed from scratch to be the manual Microsoft never wrote. Starting with a detailed deployment and initial configuration walkthrough, the book covers all major feature areas, including document management, social computing, metadata management, and administration. Youll also learn about planning for capacity, backup administration and disaster recovery, business intelligence, monitoring, and more. Unlike other books, Pro SharePoint 2013 Administration covers all elements of the product, but has a specific emphasis on features new and enhanced in the 2013 release. Pro SharePoint 2013 Administration is the only book youll need as you set out to deploy and administer SharePoint 2013. What youll learn Install SharePoint 2013 quickly and easily Manage and configure SharePoint using the central...
