BiblioGov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 22 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. Key areas of U. S. concern regarding Pakistan include regional terrorism; weapons proliferation; the ongoing Kashmir dispute and Pakistan-India tensions; human rights protection; and economic development. A U. S. -Pakistan relationship marked by distance and discord was transformed by the September 2001 terrorist attacks on the United States and the ensuing enlistment of Pakistan as a pivotal ally in U. S. -led anti-terrorism efforts. Top U. S. officials regularly praise Pakistan for its ongoing cooperation, although concerns exist about Islamabad's commitment to core U. S. concerns in the region. Pakistan continues to face serious problems, including a weak economy and domestic terrorism. A potential Pakistan-India arms race has been the focus of U. S. nonproliferation efforts in South Asia. Attention to this issue intensified following nuclear tests by both countries in May 1998; the tests triggered restrictions on U. S. aid to both countries (remaining nuclear-related sanctions on Pakistan were waived in October 2001). South Asia is viewed by many analysts as a high-risk arena for the use of nuclear weapons, as both countries have institutionalized nuclear command structures and deployed nuclear-capable ballistic missiles. Pakistan and India have fought three full-scale wars since 1947. Separatist violence in the disputed Kashmir region has continued unabated since 1989. India blames Pakistan . . . This item ships from La Vergne, TN. Paperback.
