Reviews

An exceptional ebook and also the typeface applied was intriguing to read through. I have got read and i also am sure that i am going to likely to go through yet again once more in the foreseeable future. I discovered this pdf from my dad and i advised this ebook to find out. (Dr. Raven Ledner)

WALDEN PLANET AND OTHER STORIES

Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Wise-cracking robots, slow-motion bullets, time machines that dont work the way theyre supposed to, evil holograms, androids with brain donors, a truth-telling plague with multicolor symptoms, a man who carries four watches and a bad punch line these are the curious, sometimes disturbing, but always intriguing fantasies of Richard Zwicker, a small-town New England school teacher by day and droll dreamer after dark. In this first collection of Zwickers short stories now available to dreamers everywhere, Walden Planet introduces imagined worlds: A forward-looking adventurer encounters a dimension of people who do everything backwards; a desperate woman travels sideways into a parallel universe to regain what shes lost; a hard-boiled detective finds a phone that can dial the future; a doctor with a conscience considers applicants lined up for a quick n easy memory cleanser; long-distance space haulers battle big-time cabin fever and a tempting cargo; and of course the title storys character: a would-be writer maroons himself on desolate planet because hes read too much Thoreau.Sure, the narrator of a certain, popular space-western TV show has promised to take you "Where no man has gone before," but Zwickers stories are a whole nother rodeo so, saddle up, everyone, and take your time-space motion-sickness pills. Were about to push the button and Reactions from inhabitants of Walden Planet." So funny, I forgot to laugh." Android L10W227 (a.k.a., "Mort")"I think hes stealing brain data." Erika Henniker, android transformation counselor"What kind of a gag is this?" Detective Terry Marselle"Cant you just trust me, you dumb bastard?" Niles Castle, Wellman State science professor"We see this as an opportunity." Robots for Reintegration with Humans"It must have seemed like a good...
