## TEA LEAF READING - A PRACTICAL GUIDE (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Tea Leaf Reading - A Practical Guide, carefully lays out all the steps needed to successfully develop your skills as a tea leaf reader. Author Marcella Peyre-Ferry sets down all the steps of the tea leaf reading process from selecting the best tea and cup to interpreting the signs you see. Learn how to make a good cup of tea, and then read the leaves for yourself or others. A list of common symbols and their possible interpretations is included for fast reference. Peyre-Ferry even shares a recipe or two to complete the tea experience Tea Leaf Reading has been passed down through the centuries as a way to look for what might come to pass in the day ahead. Whether the symbols seen in the leaves are a sign from above, or they are pulled from the subconscious mind, they have the potential to warn of trouble or offer hope to the tea drinker. What was once a regular practice for women of all social levels in most European cultures is now a curiosity. Peyre-Ferry, who is also well versed at divination through tarot cards and horoscopes as well as tea leaves, learned the skill as a girl, when reading the future in a tea cup was a daily activity around the kitchen table for her mother, aunts and grandmother. This book guides the reader through every step in the tea leaf reading process in an easy to follow format that will appeal to anyone interested in this nearly forgotten skill.
