THE NEW INTERNATIONAL YEAR BOOK: A COMPENDIUM OF THE WORLD'S PROGRESS FOR THE YEAR 1912 (CLASSIC REPRINT) (PAPERBACK)

FBC LTD, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The New International Year Book: A Compendium of the World's Progress for the Year 1912 Is intended to be an encyclopedia of the year. It therefore includes departments which are not to be found in any other single annual volume. It is enabled to do so first by its large size and second by its exclusion of information not pertaining to the year or not derived from the latest sources available. Among the departments that are either not to be found or are lean fully treated in other annual publications. Are Biography, Agriculture, Political History, Societies and Religious Bodies. American subjects are. Of course, far more fully treated than in my of the British annuals. At the same time owing to its international scope it necessarily devotes more attention to foreign affairs than do the other Amaican publications. The plan of the work requires that the text shall be new each year and no part of it carried forward and merely revised. There has been a slight deviation from this rule in the prmnt voluma in that the paragraphs on Manufactures in a few of the articles on the States in the 1911 volume have been in rt repeated in order to admit of comparison with the statistics of manufactures for the ot er States which are now for the first time included in this volume. The Pmmmu. Cannon, marking as it did a. New turn in American political history, required unusually lull treatment. Nearly fifty pages have been given to it and es in! Pains have been taken to insure comprehensiven and impartiality. Among other an jeeta which have required special attention are the Trramo Disasm and the nestion of...
