MONTHLY COLORING JOURNAL: JUNE 2016 (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Do you love organizational tools? Are you a coloring book junkie? Have you tried every organizer and planner on the market? Do you want a better calendar day-planner? Do you love Bullet Journaling? The Monthly Coloring Journal is a day planner based on several planning tools and systems that I ve found have worked for me over the years to help me coordinate my hectic life. If you ve tried all the planners out there and find you still end up making your own, this coloring book journal might just be the thing you are looking for. The Monthly Coloring Journal is the first of a series of monthly planners. The 100 page format is perfect for one month. There are pages for each day of the month and the small size makes it portable and light. Because it s a work in progress, any suggestions you put in the reviews will be taken into account for next month s day planner. You get to help build this organizational system. This can only improve and become the planner and relaxing coloring book combined that you didn t know you were dreaming about. Have you tried all the organizational apps too? Did you find they were fun, but not effective? For those of us who are creative and visual, the apps just don t work. We need the information in front of us, tangible and visible, not hidden behind screens. We interact differently and our mind responds differently to information when we handle it, pen on paper, the old-fashioned way. The Monthly Coloring Journal is a journal, planner, and coloring book in one: Each day of the month has something...
