EVERYTHING THE GOP KNOWS ABOUT LEADING THE COUNTRY (PAPERBACK)**DOWNLOAD**

Bandera Publishing, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.CBS News has called Larry Broughton the nation's foremost expert on leadership and entrepreneurship. In this celebrated book, Broughton distills years of research, hours of interviews with some of the nation's top leaders, and weeks of rigorous analysis to zero in on the strengths of Republican leadership of our nation in these categories: Business Commerce National Defense Education Energy Environment Foreign Policy Healthcare Insurance Homeland Security Housing Real Estate Social Security Transportation Treasury Finance Veterans Affairs His accurate yet startling conclusion? They know NOTHING! (Which is exactly what you'll find throughout most of this book!) And yet, there is hope. In a not-to-miss and inspiring Call to Action, Broughton discusses what he calls the leadership gap as well its symptoms and solutions. His goal is to show what everyday citizen-leaders can do to step into the leadership gap in their communities, businesses, religious organizations--anywhere leadership is needed. This book reads like a leadership manifesto, with thought-provoking quotes from some of the greatest leaders in history as well as Broughton's own refreshing take on what leadership means in today's world. Otherwise, this is a satirical work and political commentary. All interior chapter pages are blank. Everything the GOP Knows About Leading the Country is a must have gift for any die-hard liberals in your life! Give them the gift that will feed their political ego and make them laugh. (Of course, you could also rile them up and give them the companion book, Everything the DEMS Know About Leading the Country!).
