How do we decide what's true? In Finding Reality, author Dr. Edwin E. Olson shows how the best answers to these questions emerge from the interaction of four ways of knowing: Insights: what we imagine based on experience Authority: what others have taught us based on their beliefs Empiricism: what others have discovered based on evidence Praxis: what we learn through our senses Drawing from a range of human systems dynamics and scientific, psychological, philosophical, and religious sources, this guide discusses how each way of knowing provides a different approach to reality. When the four ways of knowing interact, creative outcomes for personal development and exploration of important issues come to fruition.
