Charles Darwin, Geologist (Hardback)

By Sandra Herbert

Cornell University Press, United States, 2005. Hardback. Book Condition: New. New.. 245 x 165 mm. Language: English . Brand New Book. Pleasure of imagination. . . I a geologist have illdefined notion of land covered with ocean, former animals, slow force cracking surface c truly poetical. from Charles Darwin s Notebook M, 1838The early nineteenth century was a golden age for the study of geology. New discoveries in the field were greeted with the same enthusiasm reserved today for advances in the biomedical sciences. In her long-awaited account of Charles Darwin s intellectual development, Sandra Herbert focuses on his geological training, research, and thought, asking both how geology influenced Darwin and how Darwin influenced the science. Elegantly written, extensively illustrated, and informed by the author s prodigious research in Darwin s papers and in the nineteenth-century history of earth sciences, Charles Darwin, Geologist provides a fresh perspective on the life and accomplishments of this exemplary thinker.As Herbert reveals, Darwin s great ambition as a young scientist one he only partially realized was to create a simple geology based on movements of the earth s crust. (Only one part of his scheme has survived in close to the form in...
