

At the Brink: Will Obama Push Us Over the Edge?

By John R Lott

Audible Studios on Brilliance, 2016. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. Over the past four years, President Barack Obama has systematically undermined every pillar of America's strength and vitality from the economy to health care to immigration to energy policy to personal liberty. With a bloated federal bureaucracy, staggering national debt, crippling unemployment, a crushing burden of regulation and red tape for private business and entrepreneurs, zealous pursuit of far-left pet projects, and attacks on every Constitutional freedom imaginable, Obama has brought America to the brink of disaster. Will we be able to avoid going over the edge? Well-known author and academic researcher John Lott sounds the alarm as he convincingly documents the challenges we face and builds an overwhelming case for fundamental change not the kind Obama promised, but the kind we need to save America from permanent damage. At the Brink is a powerful and alarming look at the challenges we face, and the monumental problems the next president is about to inherit.
