Createspace Independent Publishing Platform, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.An SEO Guide for 2015:: Learn the Real Mechanics behind Search Engine Optimization Search Engine Optimization has evolved. We saw that evolution begin in 2011, when Google first began its release of the now-infamous algorithm adjustments. It started with Google Panda in February of that same year, which aided in killing off low-quality content that didn't abide by Google's Webmaster Guidelines. But it didn't end there. The next few years saw the release of more algorithm adjustments. There was the Google Penguin that began in April of 2012, then it was the emergence of Exact-Match Domains, then it was Google's Hummingbird and newly-refined semantic searches. Why is all of this important? Well, 2014 was a monumental year in the SEO field. We saw significant shifts occurring in online search due to the changed landscape of Google's algorithms. These shifts completely decimated the old playing field. Without understanding what's happened in the past, it's impossible to gain perspective on what's occurring in the present, why it's occurring, and just where we're heading in the future when it comes to Search Engine Optimization. In 2015, this is even more important now than ever. LEARN The Secrets to the Search Engine Optimization Industry When it comes to SEO, many books tout to have the secrets, laying claim to unique strategies. But, this book really does do just that. It's been reviewed by some of the top reviewers on Amazon, including the #1 reviewer who said it was a great overview of SEO practices. On the Web, the people who understand the importance of SEO strategies, realize that it's the number one driver of...
