Lawrance George Lux also highlights the error of geographical variations of tax impacts, and methodology to correct such deficiencies. The major elements of the Book are the unification of the Tax Code in this Country, without violation of constitutional Separation of Powers; the methodology for elimination of special, discriminatory tax advantages, and provision of a functional tax system. Lux presents an actual Tax Proposal for legislative passage. He examines each major provision of it, for its economic and political impact. All thought remains within the realm of mainstream Economic thought; it altered simply to garner an effective tax policy. The Tax Proposal also extends a list of actual tax rates, with potential for providing sufficient tax revenue, without adversely affecting Economic stimulus.
