The Mysterious Stranger is a novel attempted by the American author Mark Twain. He worked on it intermittently from 1897 through 1908. Twain wrote multiple versions of the story; each involves a supernatural character called Satan or No. 44. All the versions remained unfinished (with the debatable exception of the last one, No. 44, the Mysterious Stranger). In 1590, three boys, Theodor, Seppi and Nikolaus, live relatively happy simple lives in a remote Austrian village called Eseldorf (German for Assville or Donkeytown ). The story is narrated by Theodor, the village organist s son. Other local characters include Father Peter, his niece Marget, and the astrologer. One day, a handsome teenage boy named Satan appears in the village. He explains that he is an angel and the nephew of the fallen angel whose name he shares. Young Satan performs several magical feats. He claims to be able to foresee the future and informs the group of unfortunate events that will soon befall those they care about. The boys don t believe Satan s claims until one of his predictions comes true. Satan proceeds to describe further tragedies that will befall their friends. The boys beg Satan to intercede. Satan agrees, but operates under the technical definition of mercy. For instance, instead of a lingering death due to illness, Satan simply causes one of Theodor s friends to die immediately.
