By Maggie Percy

Sixth Sense Books, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Spiritual enlightenment is a natural side effect of the pursuit of dowsing mastery. Dowsing is a natural intuitive skill anyone can learn, but to master it takes time and effort. The authors are passionate about dowsing and were determined to become skillful at it, so they spent years honing their skills. Little did they know that the path of dowsing mastery is also a way to enlightenment. The skills required of master dowsers are associated with an enlightened lifestyle: a sense of purpose and authenticity, compassion and self-acceptance, detachment, respect for free will and the application of ethics in daily life. Dowsing is merely one of many possible routes to enlightenment, but the lesson is this: You don't need to chase enlightenment. It will come to you naturally if you live your passion and commit to excellence. This book sketches out how dowsing can be your path to a more enlightened life if you commit to mastering it. Buy Dowsing: Practical Enlightenment and discover how your passion for dowsing can yield many unexpected spiritual benefits.
