

Implementation of the AASHTO Pavement Design Procedures

By Abiy Bekele

LAP Lambert Academic Publishing Sep 2012, 2012. Taschenbuch. Book Condition: Neu. 220x150x3 mm. This item is printed on demand - Print on Demand Neuware - In this project, the original American Association of State Highway Officials (AASHTO) Road Test which is the basis of AASHTO Interim Design Guide, 1961, is reviewed. All the research methodologies and findings of the road test and the design input parameters have been discussed in brief. The main body of the project is the implementation of empirical pavement design procedures for the flexible as well as rigid pavement by American Association of State Highway and Transportation Officials (AASHTO) in to two MATLAB modules. The outputs of the program i.e. the thicknesses for the different layers are calculated based on the different set of design input parameters. These outputs are validated against manual calculations based on the original AASHTO design equations and nomographs. The use of this tool can be of great help in avoiding inconsistency which results from using nomographs. 56 pp. Englisch.

Reviews

An exceptional pdf and also the typeface applied was intriguing to read through. It is definitely simplified but excitement in the 50 % in the ebook. I discovered this ebook from my dad and i recommended this pdf to find out.

-- Jarod Ward

Complete information for publication enthusiasts. It is really basic but shocks inside the fifty percent of your book. I am just delighted to let you know that this is basically the finest book i have read through in my individual lifestyle and might be the best pdf for actually.

-- Elena Runolfsson Sr.
