

Precalculus: Mathematics for Calculus (International ed of 6th revised ed)

By James Stewart, Lothar Redlin, Saleem Watson

Cengage Learning, Inc. Paperback. Book Condition: new. BRAND NEW, Precalculus: Mathematics for Calculus (International ed of 6th revised ed), James Stewart, Lothar Redlin, Saleem Watson, This best selling author team explains concepts simply and clearly, without glossing over difficult points. Problem solving and mathematical modeling are introduced early and reinforced throughout, providing students with a solid foundation in the principles of mathematical thinking. Comprehensive and evenly paced, this book provides complete coverage of the function concept, and integrates a significant amount of graphing calculator material to help students develop insight into mathematical ideas. The authors' attention to detail and clarity, the same as found in James Stewart's market-leading Calculus text, is what makes this text the market leader.

Reviews

Extensive information for book fans. It is written in basic words and never hard to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- Otis Wisoky

This publication is great. It is full of wisdom and knowledge. You will not really feel monotony at any time of the time (that's what catalogs are for relating to when you ask me).

-- Dr. Everett Dicki DDS
