

The Ultimate Dictionary of Strum Patterns: Well Over 65,000 in All! (Paperback)

Filesize: 5.48 MB

Reviews

An extremely wonderful pdf with perfect and lucid information. Better then never, though i am quite late in start reading this one. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Elenor Koch PhD)

THE ULTIMATE DICTIONARY OF STRUM PATTERNS: WELL OVER 65,000 IN ALL! (PAPERBACK)

Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. FYI: This book is listed at Amazon s absolute lowest printing price as a low-cost resource for sparking strumming creativity. Note from the Author: Have you ever wondered how many strum patterns are possible? It s a big, big number. If you limit your options to just three basic movements, a downstrum, an upstrum and a dash/space/pause for leaping over the strings you get 65,536 possible combinations. If you were to add in a few right-hand techniques (mutes, chnks, rolls/rasguado, drags, thumb rolls, etc.) the numbers become astronomical. Add just one of these techniques and you multiply to 1,679,616 patterns (which would make an 8406 page book). That is the reason this book sticks just to 328 pages that exhaustively cover the basics: D = a downstrum (Kindle edition) U = an upstrum (Kindle edition) - = a space/pause These symbols are arranged in groups of 16: D-D-DUDU--DU--D- (this one is from page 16). These can either represent the 16 sixteenth notes in a measure of 4/4 time, or 16 eighth notes in two measures of the same. There are 50 groups per column and 4 columns per page, making for 200 groups per page. I know some people are thinking, Why? Why? Why? This book probably isn t for them. My personal reason for publishing the book is so that I could have a copy for myself as a resource for developing strum patterns to use in my songwriting. I can thumb through the book, find an interesting rhythm and then substitute in any of my favorite right-hand techniques (as mentioned above). I hope others will find it useful as well. Believe it or not, I bought my own copy as...
