N. Stakhanova O. Stakhanov, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Do you or someone in your house: have a computer, an iPad, or a smartphone? browse the internet, use e-mail or have a Facebook, Twitter, LinkedIn or other social account? or do online banking, or purchase things online? If your answer is yes to any of the above questions, than it s not a question of if, but when cyber criminals will try to steal your or your loved ones sensitive personal information and/or money. Millions of unsuspecting users around the globe are under hacking attack right at this moment. Their smartphones and e-mail boxes are bombarded with phishing messages. Their gadgets are constantly probed for vulnerabilities by specialized hacking tools. And countless malicious malware is attempting to infect their computing devices. The gruesome reality of modern society is that ordinary users of information technology are a desirable and easy target for hackers. Few of these users think that their devices, their personal information or what they do online is worth protecting. Even fewer know how to protect themselves from cyber threats. As a result, every day thousands of such users pay dearly with ruined reputation, destroyed financial stability and sometimes even their own lives. You don t have to be one of them. You can defend yourself from the most common cyber threats. And you don t have to be a computer scientist or cyber security expert. It s easier than you may think. Have you been hacked yet? covers all the basics you need to know to protect yourself and your loved ones against the most common cyber security threats to privacy and financial well being: what are the threats a typical user of information technology faces these days, who...
