MIT Press Ltd, United States, 2009. Paperback. Book Condition: New. 216 x 170 mm. Language: English . Brand New Book. In re: skin, scholars, essayists and short story writers offer their perspectives on skin--as boundary and surface, as metaphor and physical reality. The twenty-first century and its attendant technology call for a new investigation of the intersection of body, skin, and technology. These cutting-edge writings address themes of skin and bodily transformation in an era in which we are able not only to modify our own skins--by plastic surgery, tattooing, skin graft art, and other methods--but to cross skins, merging with other bodies or colonizing multiple bodies. The book's agile crossings of disciplinary and genre boundaries enact the very transformations they discuss. A short story imagines a manufactured maternal interface that allows a man to become pregnant, and a scholar describes the evolution of body criticism ; a writer uses faux science to explore animal prints on faux fur, and fictional lovers experience one another's sexual sensations through the slipping on and off of skin-like bodysuits. Ubiquitous computational interfaces are considered as the skin of technology, and questions of race and color are shown to play out in digital...

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.
