Forgotten Books, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Prang Art Catalogue: A Catalogue of Books and Materials Prepared for the Promotion of Art Education in Schools In decorative and constructive work the same progressive steps are shown the naturalistic drawing, the derivation of a decorative motive from the drawing, the wood block or stencil made to apply the motive, the application of the motive to textile, cardboard, paper, etc., and, lastly, the finished object, reproduced in black-and-white or color. These progressive illustrations aim to reduce the difficulties of both teacher and pupil in mastering the technique of water color, crayon and pencil, as well as the technique of applied and constructive art of many kinds. To those who have not had the advantage of advanced instruction in Drawing and Industrial Art, the progressive steps are of the utmost service in developing both skill of hand and a clear understanding of all problems involved. Responding to the demand for more industrial work, many new exercises in construction and design have been suggested. These exercises start with the elementary paper cutting and folding of the primary grades, and proceed to the more advanced work of bookbinding, stenciling, wood-block printing, etc., of the intermediate and grammar grades. The problems chosen are well within the power of the average pupil. They are thoroughly illustrated in black-and - white and color, and offer an excellent introduction to elementary Manual Training and Domestic Art.
