Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Problem of the Nations: A Study in the Causes, Symptoms and Effects of Sexual, Disease, and the Education of the Individual Therein This is not a Scientific Treatise. It is, or at least I hope it will be found to be, a plain, straightforward account of the greatest curse known to civilization; a plague which is indeed the Problem of the Nations. I have tried to write the account in such a fashion that all may understand. Some technical terms there must be, but in writing about intimate details of sex there is only one language which can, with proper decency, be employed, and that is the language of medical science. In any case there will be found a short glossary at the end of the book which may prove useful. I am not a medical man. If I were I probably could not have tackled the subject from this independent point of view. My outlook would, I feel, have been prejudiced. I have the deepest respect and admiration for the medical profession. I am told that the first man my eyes ever looked upon was a doctor, and I have been most intimately associated with the profession ever since. But, with all due respect to its members, I cannot help thinking that those who specialize in a subject such as Sexual Disease are too prone to work with their eyes glued to the microscope. They discover and record details with the utmost nicety of precision; they cannot always grasp the subject in its entirety, the big human side of it. Those who do not specialize must needs possess a good working knowledge of...
