Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. In December 2015, Russian state hackers successfully compromised the Ukraine s electric grid, shutting down multiple distribution centers and leaving more than 200,000 residents without power for their lights and heaters. That attack was premeditated and well-choreographed, with groundwork that pre-dated the full attack by many months. It was sophisticated and synchronized, taking down backup power supplies and jamming phone lines...
