Reviews

This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.

UNTITLED FICTION

Penguin Audio. No binding. Condition: New. From international bestselling author Tracy Chevalier, an ambitious American novel of a pioneer family and a westward push that extends over three generations and across a continent The Goodenough family have left nineteenth-century New England to settle in the swamps of western Ohio, bringing with them branches of a favorite apple tree. But the orchard they plant sows the seeds of a long battle between James and Sadie Goodenough over what to do with the fruit, revealing irreconcilable differences in character. The escalation of this war resonates through their children and forces the youngest, Robert Goodenough, to make an agonizing choice that haunts him as he runs away, grows up, and moves ever farther west. Only among the redwoods and sequoias of goldrush-era California does he find solace and, eventually, answers. Moving back and forth between Ohio and California and anchored by two real-life tree menlegendary Johnny Appleseed and the English plant collector William Lobbthis epic novel chronicles the implosion of a pioneer family and the shock waves it sends through the generations and across America. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Audio CD.
