ENCYCLOPEDIA OF AQUARIUM PLANTS

Barron's Educational Series. Hardcover. Condition: New. 205 pages. Dimensions: 10.0in. x 8.5in. x 0.8in. This heavily illustrated volume will prove a blessing to every aquarium hobbyist who has had to settle for superficial plant descriptions in general fish-keeping books. It presents a detailed A-to-Z directory covering hundreds of aquarium plants with high quality color photos and succinct profiles of each plant. Information includes the plants common name, botanical designation, growth cycle, and general description. The books additional sections offer details on...

Reviews

This composed publication is great. It is one of the most remarkable publication i have got read through. I am just quickly could get a delight of looking at a composed book.

-- **Caden Buckridge**

Basically no words to explain. It can be rally interesting throgh reading period. Its been printed in an exceedingly basic way and is particularly merely soon after i finished reading through this book through which actually modified me, change the way i really believe.

-- **Miss Elenor Gerlach**
