

When a Loved One at Home Has Dementia: A Family Member s Guide to Caring for a Loved One (Paperback)

By Dr Debbie Sue Francis

Createspace Independent Publishing Platform, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. When a Loved One at Home has Dementia is a guide to providing care at home for family members suffering from dementia and related disorders. Dr. Francis writes in easy to understand language describing dementia and it s symptoms, including aphasia and other expressive disorders, as well as many common behavior difficulties people suffering from dementia often experience. Dr. Francis discusses how to manage communication issues as well as how to navigate end-of-life decisions and how to understand options like hospice and palliative care, and the many facilities available to provide care for your loved one. A comprehensive resource list is included to make the information provided accessible for most readers and their families.

Reviews

This composed ebook is wonderful. It really is writter in basic words rather than hard to understand. You may like the way the writer compose this pdf.

This book can be well worth a go through, and a lot better than other. It is writter in simple words and phrases and not confusing. Its been printed in an exceptionally simple way in fact it is merely right after i finished reading through this pdf by which basically changed me, modify the way i think.
