And unlike other workouts, Framework starts with a unique self-test that uncovers potential problems with your frame, your workout, your nutrition, and more. It even combines diet and lifestyle advice with a balanced, customizable workout that acknowledges the fact that our bodies are all a little different and often need special attention. It teaches you to pay attention to what your body tries to tell you, and when it is being challenged by a special problem, whether it is a heel spur or stress on the job.Best of all, Nicholas A. DiNubile, M.D., who serves as orthopedic consultant for the Philadelphia 76ers as well as the Pennsylvania Ballet, shows you how to work around--helping without hurting--any muscle or joint problems you may already have. And it all takes only 1 hour a day, 3 days a week.
