A sharp-eyed, clear-headed, candid chronicle from someone who was right there on the front lines of the revolution, from the first snare crack of 50s rock n roll, through the folk music boom, electric folk-rock innovation, and the earth-shaking tremors of the West Coast psychedelic experience. From his childhood growing up in Santa Barbara during the golden age of post war 1950s America, through to his experiences as a core member of The Peanut Butter Conspiracy, one of the major psychedelic groups to emerge out of the West Coast music scene in the 60s, he has a unique perspective on the heady days that eventually gave birth to the SUMMER OF LOVE and took him on the trip of a lifetime.
