

## The the Application and Research of Mathematical Model in Ecology

Filesize: 1.04 MB

### **Reviews**

*Comprehensive guide! Its this type of very good read through. It is actually writter in simple words and phrases rather than difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.*  
(Bernie Mante PhD)

## THE THE APPLICATION AND RESEARCH OF MATHEMATICAL MODEL IN ECOLOGY

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback Pages Number: 307 Language: Simplified Chinese Publisher: Ocean Press; 1st edition (October 1. 2011). Yang Oriental. Chen Yu edited by mathematical models in ecology applications and 17 by describing The application and research of mathematical models in ecology. quantitative show ecosystem. environmental factors and biological factors in the change process to reveal the laws and mechanisms of the ecosystem and its stability. continuity. change. ecological mathematical models in ecology play a significant role in the system. Rapid development in science and technology today. the application of mathematical models in ecology and of 17 learning can help the reader understand the application of eco-mathematical model. the process of development and research; analysis of different areas. a variety of different disciplines. kind of eco-mathematical model; exploration taken by mathematical model was applied to what kind of ecological research in the field; to master the methods and techniques of the mathematical model. In addition. the application of mathematical models in ecology and 17 also help to deepen the quantitative understanding of the ecosystem. and develop quantitative ecosystem thinking. Mathematical model for the application and research of the ecology of 17 main content: This paper introduces the application of a variety of mathematical models in the different fields of ecology. such as geography. topography. hydrology and water power. and environmental change. biological change and ecological changes in the field of application. Elaborated on the background of the mathematical model. the composition and structure of the mathematical model and its mathematical model of meaning. Application and research of mathematical models in ecology 17 suitable for meteorology. geology. oceanography. environmental science. biology. biogeochemistry. ecology. terrestrial ecology. marine ecology and the Gulf ecology and other...
