## Hammer s Blueprint Reading Basics (Paperback)

By Charles Gillis, Warren Hammer

Industrial Press Inc., U.S., United States, 2018. Paperback. Condition: New. 4th edition. Language: English . Brand New Book. Warren Hammer s Blueprint Reading Basics has been a bestselling classic for nearly 2 decades, but it is out of date in terms of illustrations, inclusion of calculations for a global audience, and standards. With this historic revision, new author Charles Gillis will be updating the entire package, replacing ALL the figures with CAD-generated artwork, adding new illustrations, representing metric drawing equivalents alongside the imperial calculations, and, perhaps most importantly, including content from new and revised drawing standards, including Dimensioning, Tolerancing, Surface Texture and Metrology Standards, Undimensioned Drawings, Line Conventions and Lettering, Engineering Drawing Practices, Reference Designations for Electrical and Electronics Parts and Equipment, Composite Part Drawings, and other current ASME drawing standards. The new edition of this work will be a must-have for mechanical engineers, drafts people, manufacturers, machinists, and students learning the aforementioned trades. This edition will also feature a full and equal presentation of Metric drawing standards alongside the Imperial drawing standards currently included. An Instructor s Resource (to be sold separately) will include: PowerPoint presentations for presenting the textbook material in a classroom setting, intended for use with the...

### Reviews

*Complete guideline! Its this type of great read through. it absolutely was writtern quite perfectly and helpful. I am very happy to explain how this is basically the best book i actually have read through during my personal life and can be he very best book for at any time.*

*-- Joshua Gerhold PhD*

*A very awesome book with perfect and lucid reasons. It really is basic but shocks within the 50 percent of the book. Its been designed in an exceptionally easy way and is particularly merely right after i finished reading this ebook where in fact changed me, change the way i think.*

*-- Meagan Roob*
