PET

Condition: New. Publisher/Verlag: Springer, Berlin | Molecular Imaging and Its Biological Applications | This book is written as both a text and a reference book. It contains numerous images from the biological sciences and clinical practice, tables, graphs, and figures, as well as exercises that are worked out to aid the reader in understanding principles or solving problems. In some cases, derivations are placed in appendices so as not to break up the flow of the subject matter...

Reviews

A whole new electronic book with an all new viewpoint. Of course, it really is enjoy, nonetheless an amazing and interesting literature. Once you begin to read the book, it is extremely difficult to leave it before concluding.
