Createspace, United States, 2012. Paperback. Book Condition: New. 254 x 203 mm. Language: English . Brand New Book ***** Print on Demand *****.This workbook is designed to help students in their study of a variety of animals, and the unique features that God gave them. It does not include the information they need; it is meant as a supplement to other books, DVDs, and CDs. (The information on each animal can also be located on any number of sites on the internet.) It includes room for students to list the characteristics of up to 89 animals - including whether they are warm-blooded or cold-blooded, vertebrates or invertebrates, their habitat, and more. If you are using this resource with more than one student, you may make copies as needed, though you may find it easier to just let each student have their own books.
