It was early in January that the author began the story to them, thinking that in about four weeks work we would cover, through the principles of co-operation and interdependence, the building and furnishing of a house, thereby impressing on the child mind something of the true worth and dignity of labor as brought into actual contact with his everyday life. When the wee house had been built, however, and completely furnished by eager and busy fingers, the children had become so interested in the Gipsy baby that they were unwilling to give him up. Each morning the teacher was met with such questions as: Will you tell us more about Joe-Boy to-day? Did he ever grow large enough to go to kindergarten? How many people helped to get his clothes? His food? Did Joe-Boy...

Reviews

Extensive information for book fans. It is written in basic words and never hard to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.
