

Runners: Poems (Paperback)

By Gerald Hausman

Sunstone Press, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This book by Gerald Hausman marks the author's third book of poems since New Marlboro State which Gary Snyder called fine poems, clear and inside / outside of things. The theme of Runners is not the mere physical act of long-distance running, but the art of direction-finding in life. Using this as a metaphor the poet explores the heart of the four universal directions while running through the four compass points of the American landscape. Whether he is up north in a New England blizzard or jogging along the Mississippi, Gerald Hausman invests his work with that peculiar insight common to poets of place: scenes enchant by evoking permanence through a re-calling of history and the heart, legend and the mystery of the moment.

Reviews

Basically no terms to clarify. It is actually written in basic terms rather than confusing. I found out this ebook from my dad and I suggested this book to find out.

-- Elinore Vandervort

If you need to add benefit, a must buy book. I could possibly comprehend every little thing out of this composed e pdf. I am quickly could get a enjoyment of looking at a composed book.
