Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, after the way I believe.

THE SECOND BILL OF RIGHTS: FDR S UNFINISHED REVOLUTION--AND WHY WE NEED IT MORE THAN EVER (PAPERBACK)

INGRAM PUBLISHER SERVICES US, United States, 2006. Paperback. Condition: New. Reprint. Language: English . Brand New Book. In 1944, Franklin Delano Roosevelt gave a State of the Union Address that was arguably the greatest political speech of the twentieth century. In it, Roosevelt grappled with the definition of security in a democracy, concluding that unless there is security here at home, there cannot be lasting peace in the world. To help ensure that security, he proposed a Second Bill of Rights - economic rights that he saw as necessary to political freedom. Many of the great legislative achievements of the past sixty years stem from Roosevelt s vision. Using this speech as a launching point, Cass R. Sunstein shows how these rights are vital to the continuing security of our nation. This is an ambitious, sweeping book that argues for a new vision of FDR, of constitutional history, and our current political scene.
