Brand New Book ***** Print on Demand *****.Speed never hurt anybody--it's the sudden stop at the end. It's not how much change that signals danger, but how fast it's changing. Show Excerpt g. But as soon as he says something, passes on information in an altered form, or merely expresses an attitude--he becomes a reference point. He can be marked, measured and entered on a graph. His actions can be grouped with others and the action of the group measured. Man--and his society--then becomes a systems problem that can be fed into a computer. We've cut the Gordian knot of the three-L's and are on our way towards a solution. * * * * Stop! Costa said, raising his hand. I was with you as far as the 3L's. What are they? A private code? Not a code--abbreviation. Linear Logic Language, the pitfall of all the old researchers. All of them, historians, sociologists, political analysts, anthropologists, were licked before they started. They had to know all about A and B before they could find C. Facts to them were always...
