Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

RETRIEVING EXPERIENCE: SUBJECTIVITY AND RECOGNITION IN FEMINIST POLITICS (PAPERBACK)

Cornell University Press, United States, 2001. Paperback. Condition: New. Language: English . Brand New Book. In *Retrieving Experience*, Sonia Kruks engages critically with the postmodern turn in feminist and social theory. She contends that, although postmodern analyses yield important insights about the place of discourse in constituting subjectivity, they lack the ability to examine how experience often exceeds the limits of discourse. To address this lack and explain why it matters for feminist politics, Kruks retrieves and employs aspects of postwar French existential theory--a tradition that, she argues, postmodernism has obscured by militantly rejecting its own genealogy. Kruks seeks to refocus our attention on the importance for feminism of embodied and lived experiences. Through her original readings of Simone de Beauvoir and other existential thinkers--including Sartre, Fanon, and Merleau-Ponty--and her own analyses inspired by their work, Kruks sheds new light on central problems in feminist theory and politics. These include debates about subjectivity and individual agency; questions about recognition and identity politics; and discussion of whether embodied experiences may sometimes facilitate solidarity among groups of different women.
