WOOD RESIDENCE (HARDBACK)

Artpower International, Hong Kong, 2014. Hardback. Condition: New. Language: English . Brand New Book. Wood is a fundamental natural resource for building. Environmentally sustainable building is a worldwide trend. Wood is widely available and widely used, particularly in creating buildings that connect to the environment and have low energy consumption. This book brings together wooden houses of different styles from all over the world, featuring contrasting yet contemporary residential homes for a new age of environmentally responsible construction.
