Reviews

This book is great. I have go through and so i am confident that i will going to read through once again again in the future. I am just easily can get a satisfaction of looking at a written book.
(Miss Vernie Schimmel)

A REVIEW OF THE ATTEMPT TO MANUFACTURE IRON AT LYNN AND BRAINTREE IN MASSACHUSETTS AND THE SUCCESSFUL ENTERPRISE AT TAUNTON IN THE OLD COLONY (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from A Review of the Attempt to Manufacture Iron at Lynn and Braintree in Massachusetts and the Successful Enterprise at Taunton in the Old Colony In 1607 the first permanent English colony in the New World was founded at Jamestown in Virginia by the Virginia Company of London, and on the roth of April in the following year, 1608, the company s ship, com manded by Captain Christopher Newport, sailed from Jamestown loaded with iron ore, sassafras, cedar posts, and walnut boards, and on the 20th of May it arrived in England. From Neill s history of the company we learn that the iron ore was smelted, and seventeen tons of metal were sold at 4 per ton to the East India Company. This was undoubtedly the first iron made by Europeans from American ore. In 1610 Sir Thomas Gates, who had spent some time in Virginia, testified before the council of the company, at London. That there were divers minerals, especially iron care, in Virginia, lying upon the surface of the ground, some of which ore, having been sent home, had been found to yield as good iron as any in Europe. The iron here referred to was that which had been sold to the East India Company. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
