Not illustrated. 1893 Excerpt: . . . morphia in some of the cures for the opium habit, but as far as can be ascertained this method of treatment is never completely successful, and the patients real struggle begins when the codeine is stopped. As an ingredient in cough mixtures the drug is a most excellent one and an admirable substitute for morphia. A disease in which it has often been pronounced a specific is diabetes mellitus, where it is given in doses double or even more than double those ordinarily recommended. Indeed it is said by some writers that no result can be expected from a dose less than a grain, although the regulation dose is not over over-half that quantity. --N. W. Lancet. The Kansas Way. --The following appears at the foot of a billhead of a Kansas physician. It is unique, original, and pointed, and we presume effective: A prompt settlement of this bill is requested. If bills are paid monthly, a discount of ten per cent, is given. Bills not paid promptly will be passed to my attorney for collection. If you pay your physican promptly he will attend you promptly, night or day, rain or shine, while your slow neighbour suffers and waits, as he made the doctor wait, and while he is waiting the angels gather him in. --Kansas Med. Journal. Etherization In Ceoup. --Betz (Wiener Medicinische Presse) recommends etherization in croup, from the view that there are cases of croup in which the causa lethalis is...
