

## Dissociative Identity Disorder: Diagnosis, Clinical Features, and Treatment of Multiple Personality

Filesize: 1.96 MB

### ***Reviews***

*An exceptional ebook and also the typeface applied was intriguing to read through. I have got read and i also am sure that i am going to likely to go through yet again once more in the foreseeable future. I discovered this pdf from my dad and i advised this ebook to find out. (Dr. Raven Ledner)*

## DISSOCIATIVE IDENTITY DISORDER: DIAGNOSIS, CLINICAL FEATURES, AND TREATMENT OF MULTIPLE PERSONALITY

DOWNLOAD

Wiley. Hardcover. Condition: New. 452 pages. Dimensions: 9.4in. x 6.1in. x 1.6in. Since the publication of Colin A. Ross's influential work *Multiple Personality Disorder* in 1989, this challenging field has evolved rapidly—with new thinking, new research, and a new name: dissociative identity disorder (DID). Keeping pace with these developments, this retitled Second Edition has been skillfully revised and expanded to offer a comprehensive, detailed, and fully up-to-date grounding in the history, diagnosis, and treatment of DID. Readers will find three new chapters covering epidemiology, a sound critique of skeptics of DID, and the problem of attachment to the perpetrator and the locus of control shift. There is also a fresh look at the pathways leading to DID, a discussion of the false memory controversy, and more, with material throughout based on the latest research and the authors' extensive clinical and forensic experience. By providing an in-depth examination of this complex illness, *Dissociative Identity Disorder* not only facilitates a deeper understanding of people who have used dissociation to cope with years of childhood physical, sexual, and emotional abuse, but also reveals new insights into many other psychiatric disorders in which dissociation plays a role. Like *Multiple Personality Disorder*, this updated volume is an authoritative and indispensable reference for psychiatrists, clinical psychologists, psychiatric nurses, social workers and other mental health professionals, as well as researchers in these fields. Ross provides a comprehensive and interesting account of the history of MPD, dispelling many myths. He presents new insight into the treatment of MPD, with information about such concerns as how to talk to a patient, how to schedule your time, and how to keep your private and professional lives separate. . . . *Multiple Personality Disorder* will be an invaluable addition to the reference libraries of sexual abuse clinics, child abuse agencies, and correctional...
