Forgotten Books. Paperback. Condition: New. This item is printed on demand. 486 pages. Dimensions: 9.0in. x 6.0in. x 1.0in.Excerpt from A New System, Vol. 4 of 6: Or an Analysis of Antient MythologyThis was the region in which mankind first began to multiply, and from whence they afterwards proceeded to their different places of allotment. It will therefore be necessary to give some account of this country; as from such an inquiry we shall find innumerable evidences still arise in confirmation of the primval history: and there will be also many proofs obtained, in confirmation of my opinion, concerning the migration of mankind. Armenia lay to the north of Aramea, or Mesopotamia: and one might be led to think, from the similarity of terms, that Armenia and Aramea were the same name. Tins, however, was not the cise. Aramea was the land of Aram; but Armenia, which, was separated from it by Mount Taurus, was denominated from Ar-Men, and Har-Men, the mountain where the ark rested. It was a branch of the abovementioned Taurus: and was distinguished by several appellations, each of which was significant, and afforded some evidence to the history of the deluge. It was called Ararat, Bans, Barit, Luban, which last signified Mons Lunaris, or the Mountain of Selene. About the PublisherForgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.comThis book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
