Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Kosovo Crisis, and the development of Post-Cold War. These are the information you are about to access in this book with the above title, knowing nothing but the important information of this world, and the area of crises, Kosovo has a huge history files due to its Political and Religious status, the information provided in this book is based on the actual environment of the country, starting from its existence to the present state. Introduction: This Book does not seek to offer a detailed account of the background to and course of the Kosovo crisis, which reached its peak of intensity in 1998-99. A number of highly competent such studies have already been published. Nor are the discussions that follow framed principally as a lessons learned analysis. The main objective here, rather, is to examine and assess the impact of the Kosovo crisis on the continuing evolution and development of key issues relating to post- Cold War European security overall. In measuring this impact the discussions begin, logically, with the North Atlantic Treaty Organisation (NATO). This was the chosen instrument through which its member states sought to achieve their objective of compelling the government of President Slobodan Milosevic in the Federal Republic of Yugoslavia (FRY) to cease and desist from what the former considered to be unacceptable activities in Kosovo province.
