

## Ski-Running (Paperback)

By Katharine Symonds Furse

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. In addition to my conviction that there is room for another book for beginners, my love of the Alps, which have been my home for the greater part of my life, also induces me to try to show something of the real objects of Ski-ing; namely getting to the silent places which can only be reached on skis, realizing something of the strength and immensity of Nature at her grimmest, profiting by the wonderful atmosphere of the mountains, to say nothing of the beauty of an Alpine view on a fine day. The greatest pity is that most British winter holiday-makers can only go out for Christmas. This is admittedly the worst time from the point of view of weather. At low altitudes rain often falls early in January, turning the snow into slush and reducing the Ski-er to despair. After the 15th January, the weather is usually better, and in February the days are longer and finer. The best time of all for an Alpine holiday is usually February and early March.
