READING HEGEL: THE INTRODUCTIONS (PAPERBACK)

Re.Press, Australia, 2008. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Bringing together for the first time all of G.W.F. Hegel s major Introductions in one place, this book ambitiously attempts to present readers with Hegel s systematic thought through his Introductions alone. The editors articulate to what extent, precisely, Hegel s Introductions truly reflect his philosophic thought as a whole. Certainly each of Hegel s Introductions can stand alone, capturing a facet of his overarching idea of truth. But compiled all together, they serve to lay out the intricate tapestry of Hegel s thought, woven with a dialectic that progresses from one book to another, one philosophical moment to another. Hegel s reflections on philosophy, religion, aesthetics, history, and law - all included here - have profoundly influenced many subsequent thinkers, from post-Hegelian idealists or materialists like Karl Marx, to the existentialism of Kierkegaard and Jean-Paul Sartre; from the phenomenological tradition of Edmund Husserl to Martin Heidegger, Jacques Derrida and other post-moderns, to thinkers farther afield, like Japan s famous Kyoto School or India s Aurobindo. This book provides the opportunity to discern how the ideas of these later thinkers may have originally germinated in Hegel s writings, as well as to penetrate Hegel s worldview in his own words, his grand architecture of the journey of the Spirit.
